PROFILE SUMMARY

Computer Science and Engineering graduate with knowledge of Python, SQL, HTML, and CSS. Strong understanding of programming fundamentals, database concepts, and web development. Quick learner with excellent problem-solving, communication, and teamwork skills, seeking an opportunity to start a career as a Software Developer and grow in a dynamic work environment.

EDUCATION

Bachelor of Technology in Computer Science and Engineering

Dr. B.R. Ambedkar University, Etcherla, Srikakulam

Percentage: 82% | 2023 – 2027

Intermediate

Government Junior College Polaki, Srikakulam, AP

Percentage: 95% | 2021 – 2023

TECHNICAL SKILLS

- Programming Language: Python
- Frontend: HTML, CSS
- Database: SQL

PROJECTS

ATM System – PYTHON PROJECT

Python | File Handling | Exception Handling | Modular Programming

- Developed a modular, menu-driven ATM system structured across multiple Python modules.
- Implemented secure login with account holder validation and PIN authentication.
- Designed deposit, withdrawal, and balance enquiry functionalities with custom exception handling.
- Used file handling (pickle) to maintain persistent account data across program executions.

Student Management System – Web Application

Python | Django | HTML | CSS | MySQL

- Developed a web-based Student Management System using Django framework.
- Implemented CRUD operations (Add, Update, Delete, View) for managing student records.
- Designed user-friendly web pages using HTML and CSS.
- Used Django ORM for database interactions and data handling.
